

COVID-19 Protocols:

We recognize that COVID-19 is still among us and that some people are particularly at risk due to age or health conditions.

We have planned this event to provide the maximum protection to all participants, using best practices:

- *Participants must be pre-registered no later than June 11, 2022 (no registration “at the door”)*
- *Participants must confirm their registration on arrival and agree to COVID-19 protocols*
- *Participants will be assigned to a table of six persons and must stay with that table for the whole program*
- *Participants must be masked except when eating or drinking*
- *Light Refreshment Break will be brought to each table by service persons*
- *Mingling and greeting will only be permitted outside*

Come together with the leadership of other Baptist Churches to discuss:

What does togetherness among churches look like?

What do we do better together that we should strive to maintain?

Why is togetherness important or unimportant among today’s Nova Scotian Baptist Churches?

How can we maintain meaningful togetherness when we experience disagreements between us on matters that we view as significant or important?

Where do we go from here?

Re-Engaging Togetherness: An Association Workshop

*Saturday, June 18, 2022: 9:00 am – 2:00 pm
